

## Assignments

### Financial Plan Assignments

Your financial plan is not complete until you have determined the ways in which you are going to share your blessings with others. How well are you using your resources in your families to help build the kingdom? What goals will you set regarding how you will bless the lives of those around you? Think about the goals you wrote down in an earlier chapter, particularly in response to the question, “What does Heavenly Father want me to do or to be?” What can you do to achieve these goals?

Think about your family/individual Giving Plan. Please note that this is not to be handed in now but to be included in your PFP after it is returned. Include your vision, goals and plans on your personal and family “giving plan.” How will you handle both your institutional (through Church and other institutional contributions) and personal (individual and family contributions and service) giving?

Develop your Action Plan. What is your giving plan for tithes, offerings, and other contributions? What is your giving plan for door-to-door, phone, and other solicitors? How will you teach your children to give?
