### Financial Plan Assignments

This section of your financial plan deals with relationships and money. First, try to understand how your parents handled their personal finances. This can be done either through discussions with your parents or through reviewing your memories of how you were brought up. Read through [Family - Key Questions on Money and Relationships](#) (LT21) and answer the first three questions on the family. How was personal finance modeled and taught in your family? Continue to answer the questions regarding savings, education and missions, retirement, and investing.

The harder questions are the descriptive ones. As you think through these areas, think about how you should manage your finances as a couple and how money should be handled in your family. Set goals regarding how you want to manage your money and things you and your spouse will and will not do so you can be an example to your children of the proper way for a couple to manage money.
